

As the owner of the Spokane Spider-monkeys,

I would like to give a bit of background about myself and the team. My name is Noah Bowlin and I am a lifelong resident of Spokane, Washington. I have been an avid football fan since as long as I can remember. My brother and I always played organized football. My oldest brother even went on to play at college level.

Because the people of Spokane were known for their dedication to high school and college football programs, I knew that introducing a professional football team to this city would be a sure winner for everyone involved. All of the players that were selected for the Spider-monkeys came from teams of the 1980's, an era that was filled with a pool of great athletes to choose from.

When fans come to Dominoes Stadium, they can expect to see Spanky swinging around the stadium pumping up the fans and taking lots of great family photos. The Jungle Children's Playing Area is full of fun games. I hope you have a good time.

Whether we are on the road or playing with our home field advantage, take a look at our 2015-2016 Season Schedule to see when you can cheer on the Spokane Spider-monkeys.
